Report

This match report could be a repeat of the report of the game against Sudbury. Detailing the deluge of Walsham tries would be painful, so I won't. Suffice to say that North Walsham were lightning fast and just ran through the Renegades defence. All 13 of their tries were brake away tries with brilliant runs from both their wingers and from a Number 4 that had no business being as fast as he was and choosing lines like a centre.

Some comfort for Renegades from the performance of the scrum which dominated North Walsham and Ryan bossed the lineout once again.

The physical toll of the game was great with Baz coming off after a couple of minutes with a torn calf muscle. Ross suffered a distressing eye injury which we later learned should heal in a few days, but he had a horrible Saturday evening in A&E as a result.

The return game at North Walsham is next week. Hoping for a better performance when we travel there.

Ryan Cox one again for his efforts in the lineout and everywhere on the pitch.

Shep for failing to hush when told to by the referee.
