Report

We played the first half with a strong wind behind us.

First try: Some good handling saw the ball go to Dids on the left-hand side who made a break into their 22. The ball then came back across through some good hands to Cameron who scored on the right-hand side.

2 and 3 me.

4th. Nic turned over the ball on the opposition 10 and set off through a gap like a startled horse, galloping 40metres to score under the posts.

5 and 6 me

Half time. Now playing into a strong headwind.

Game changed and St Ives used the wind to their advantage and keep the ball deep into our 22. Much of the 3rd quarter was spent defending on our own try line. Renegades defended valiantly repelling runner after runner. Eventually St Ives scored. After the restart St Ives regained territory and again kicked the ball closed to our line. Once again everyone put in a huge defensive effort. Unfortunately, Doug took a yellow for the team due to repeated infringements. We managed to hold

the ball up over our line. We finally managed to regain a period of possession and worked our way up the pitch. With Doug now back on, we got a penalty in the opposition 22. Doug tapped from the penalty and passed to me, and I scored on the right.

Finally try a good kick by Max caused St Ives to carry over their own try line. We had a 5m scrum. After a few phases Dan P scores in the final play of the game.

Proccy for multiple tries.

Max for scuffed conversion attempt right in front of the posts (bit harsh, had a great game really!)
