Report

It was muddy and everything happened between the two 22 metre lines apart from a great break by SW where two of their players chasing a loose ball, ran into each other and failed to capitalise – so thanks for that!

The rest of the report is from Flanders and Swann:

Mud, mud, glorious mud,
Nothing quite like it for cooling the blood
So follow, me follow
Down to the hollow
And there we will wallow in glorious mud

All said, it was a fantastic game to play, all in the right spirit. And the showers were ideal for making tea!

Scores

There were no scores at all at all.

Tom Wykes – for massive work as always

No doughnuts!
