Report

Renegades started the game with 14 players, but Richard BTW kindly agreed to put on his boots for the first time in a few years to even up the sides. St Ives were the first to score with a try after eight minutes. The conversion bounced off the crossbar and went over, 7-0. Five minutes later Renegades responded with a lineout where Proccy made space for Slugz who scored. Proccy added the extras, 7-7.

Just after Richard BTW joined the fray, a lineout saw Aaron break through and offloaded to Joe who ambled over the line with the St Ives 15 attached to him. Proccy slotted the conversion, 7-14.

St Ives upped the intensity and tested the Renegades defence. St Ives knock on near the Renegades line and Renegades won a penalty from the scrum. The penalty didn't find touch and St Ives centre runs back, dummying Dids to score. The conversion was good, 14-14.

As half time approached, the ball went to Geoff who began one of his epic runs, powering through half the opposition team and scoring. Proccy converted, 14-21. At the interval, Wilko had to concede that his shoulder injury was too bad to continue so back down to 14. Ben kindly agreed to hook in Callum's place.

Early in the second half St Ives were awarded and converted a penalty, 17-21. A few minutes later a tapped penalty saw Joe approach the St Ives line before being cut down. Geoff picked and went from about two yards. The conversion missed, 17-26.

A while later a great run from Barney made considerable ground and Proccy capitalised to score a try and converted it, 17-33. However, five minutes later, St Ives closed the gap with another converted try, 24-33.

To seal the game Nic scored and attempted the conversion himself. The try was good, 24-38!

Geoff for a great performance and two tries.

Joe for running sideways and being dumped. (Captain's comment: Harsh because he had a very good game).

Scores

Tries: Josh 'Slugz' Vail, Joe Paddison, Geoff Kirby (2), Tom 'Proccy' Procter, Nic Mainiero

Conversions: Tom 'Proccy' Procter (4/5), Nic Mainiero (0/1)
